

St. Christopher School provides a school directory to every family attending St. Christopher. This directory includes only voluntary information provided by each family. It may contain the child's name, the parent's names, phone numbers (including cells) and addresses. The directory is organized by homeroom and is used in the same way as a phone book. It's a nice tool to use when trying to get a hold of parents and students for various reasons. Within these pages, on the covers and in all the extra spaces is room to advertise!

However, this is NO longer the only place to advertise. This year we have many new spaces. These include in the Parish Center, 2x2 signs that will be hung around the Parish Center (year round), and signs placed on the fences on the softball/baseball diamond (seasonal) behind our school! What a way for your business to be seen! **\*ALL of the profits from the directory will go directly into the St. Christopher Sports fund.**

**Directory Prices:**
