

Dear St Christopher families,

Today the students were given a packet to bring home about a new fundraiser called SchoolStore. If you could please just take a few minutes out of your busy day to read over the materials and consider participating in the program it would be greatly appreciated. This program is unique in that it does not ask you to purchase anything in particular but to consider using the Schoolstore site to buy items from merchants you already use. One lucky student will even have a chance to win \$100. This is a nice opportunity for the school to make some money without any additional cost to you except a little bit of your time. Thank you for consideration of this program.
